DETAILED ACTION

Claims 1-37 are pending in the instant application.

Election/Restrictions

Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-37 (in part), drawn to methods of use, methods of preparation, compositions, and compounds of Formula I where X is S or O, Y¹ is S or O, and Y² is S or O.

Group II, claim(s) 1-37 (in part), drawn to methods of use, methods of preparation, compositions, and compounds of Formula I where X is NH, Y¹ is S or O, and Y² is S or O.

Group III, claim(s) 1-37 (in part), drawn to methods of use, methods of preparation, compositions, and compounds of Formula I where X is S or O, Y¹ is NH, and Y² is S or O.

Group IV, claim(s) 1-37 (in part), drawn to methods of use, methods of preparation, compositions, and compounds of Formula I where X is S or O, Y¹ is S or O, and Y² is NH.

Group V, claim(s) 1-37 (in part), drawn to methods of use, methods of preparation, compositions, and compounds of Formula I where X is NH, Y¹ is NH, and Y² is S or O.

Group VI, claim(s) 1-37 (in part), drawn to methods of use, methods of preparation, compositions, and compounds of Formula I where X is NH, Y¹ is S or O, and Y² is NH.

Group VII, claim(s) 1-37 (in part), drawn to methods of use, methods of preparation, compositions, and compounds of Formula I where X is S or O, Y¹ is NH, and Y² is NH.

Group VIII, claim(s) 1-37 (in part), drawn to methods of use, methods of preparation, compositions, and compounds of Formula I where X is NH, Y¹ is NH, and Y² is NH.

Art Unit: 1626

The inventions listed as Groups I-VIII do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: they have differing core structures which leads to an *a priori* determination of lack of unity of invention.

The election of an invention or species may be made with or without traverse. To reserve a right to petition, the election must be made with traverse. If the reply does not distinctly and specifically point out supposed errors in the restriction requirement, the election shall be treated as an election without traverse.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Joseph Kosack whose telephone number is (571)-272-5575. The examiner can normally be reached on M-F 5:30 A.M. until 2:00 P.M.
